

The AFA Foundation is a core pillar in the AFA's member commitment to support the wider community and the greater good of society.

The objectives of the AFA Foundation are to:

- Engage AFA Member, Partner and Supporters in giving back to the community
- Work with our Charity Partners to make a meaningful difference for people in need
- Create opportunities to foster community spirit, collaboration and respect
- Help Australians to have a better understanding of financial advisers and advice

In FY17, the Foundation had its most successful fundraising year ever, raising \$231,561. This reflects the spirit of giving among AFA members and the financial services community, so that we can make a difference in people's lives.

At conference we aim to raise \$100,000 for our charity partners: Make a Wish, MS Research Australia, Legacy and Parkinsons QLD. Here's how we plan to do just that !

### **1. Tax Deductible donations: throughout the conference at the AFA Foundation stand**

Donation cards can be completed at your leisure. Donations will be processed after the conference

### **2. Make a Wish / Grant a Wish: welcome event Wednesday 11 October**

Paper donations will be collected as you enter the venue so we can grant a wish to a local Gold Coast child tonight

### **3. Drinkable donations: throughout the conference in the trade hall**

winedirect are donating \$35 from each dozen sold at conference. You have three choices

- Over \$700 worth of reds for \$250
- Over \$350 worth of whites for \$220
- Or grab a mixed pack with over \$550 worth for \$240

### **All prices include delivery Australia wide. Here is a little bit about [winedirect.com.au](http://winedirect.com.au)**

- Established in 1997, with a vision of providing the best quality wines with unparalleled service, one of our success factors is our total passion for wine, drawn from a team with extensive backgrounds in the wine or hospitality industries. Truly independent and family owned and operated. We LOVE wine.
- Quite a few of the [winedirect.com.au](http://winedirect.com.au) crew have been invited onto the judging panels of major wine shows and industry magazines including the Adelaide Review Hottest 100 Wine Awards and the Australian Wine Showcase magazine.
- We are proud to provide the expert advice and friendly (sometimes quirky) but ever reliable service that is sadly missing from modern day liquor retailers. Even more so, our relationships with a large number of Australia's leading 5-star wineries enable us to offer well-reputed wine from all over Australia's wine regions including the Barossa, Coonawarra, Clare Valley, McLaren Vale, Margaret River, Hunter Valley, Heathcote and many more.
