

You have a story to share. ... And we want to listen.

Visit the Riskinfo stand at this year's AFA National Adviser Conference to have a chat about your time in the industry, a quick look back at how you got there, and your thoughts on the future...

Share your story and you'll go straight into our prize draw...

WHAT IS RISKINFO LIFE MOMENTS?

Riskinfo Life Moments is a series of short, fun videos where you find out things you never knew (or wanted to know!) about your fellow advisers and other colourful industry colleagues.

Find out how they got their start, what keeps driving them forward and what they think about some of the key issues impacting our sector.
